Dear Batur,

Excuse me this funny paper - it is just a reminiscence of my Pakistan journey. Thank you very much for your kind invitation to Alzeella, for the March this year. I am eager to come, and I hope nothing will occur to prevent this visit. Please, send me an instruction how to reach Alzeella by public means of communication, because the previous time I was driven there by car, and I need some precise information. I look forward to see you, and I send you my best wishes of a successful New Year

Yours sincerely Jan Toref
